One Honda. One Tree.

Honda lawn and garden products are green at heart.

For every Honda lawn mower, tiller or handheld product purchased between April 1st and July 31st 2017, Honda will plant a tree in Canada. Since 2013, Canadians and Honda, together with the support of Forest Recovery Canada (FRC), have planted over 140,000 trees and will continue to promote a healthier environment for the future.

GENERATORS

Today, Honda generators are found hard at work around the world – from challenging remote locations to our very own harsh climate conditions found throughout Canada. Over 50 years of Power Equipment development and innovation by Honda engineers have given rise to a lengthy line of hard-working generators and applications built to suit your needs.
